MONYTAR HANDBOOK

Expenses, from receipt to reimbursement.

A five-minute tour of how Monytar works — for the people who spend, the people who approve, and the people who keep the books.

Updated September 2026

How it works

STEP 1 · YOU

Submit

Say what you spent and why. Add the receipt.

STEP 2 · YOUR MANAGER OR FINANCE

Approve

A reviewer says yes — or asks for a change.

STEP 3 · FINANCE

Get paid back

Finance records the payment. You're done.

The four roles

Employee

Spends for work and wants it back.

- Add expenses
- Attach receipts
- Track status
- Fix and resubmit

Manager

Keeps a team's spending in check.

- Everything an Employee can
- Approve their department
- Watch team budgets

Finance

Keeps the books straight.

- Everything a Manager can
- Approve any request
- Record payments
- Run reports
- Set approval rules

Admin

Runs Monytar for the company.

- Everything above
- Invite and manage people
- Set up departments
- Company settings

How an expense moves

Draft

Started, not sent yet. Only you can see it.

Do: Finish it, then Submit for Approval.

Pending

Sent. Waiting for a decision.

Do: Nothing. You'll be notified. Small amounts may auto-approve.

Approved

A reviewer said yes.

Do: Finance records the payment.

Paid

Payment recorded. All finished.

Do: Nothing more to do.

Rejected? A reviewer said no, and left a reason. Open it, read the comment, click Edit, then Resubmit.

Rules, in plain English

Example amounts — every company sets its own.

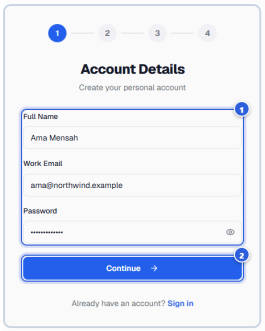

- Under 50: approved automatically.
- 100 or more: a receipt is required.
- 2,000 or more: finance reviews as well as the manager.

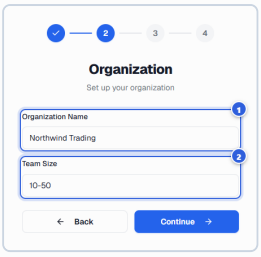

Getting started

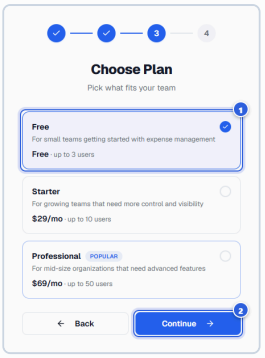

FOR THE PERSON OPENING THE ACCOUNT

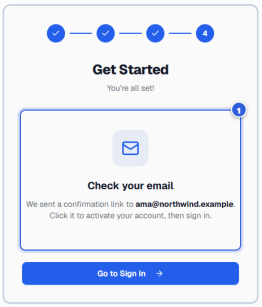

Set up my company

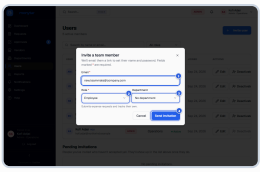

Four short steps, then invite your team. You become the Admin.

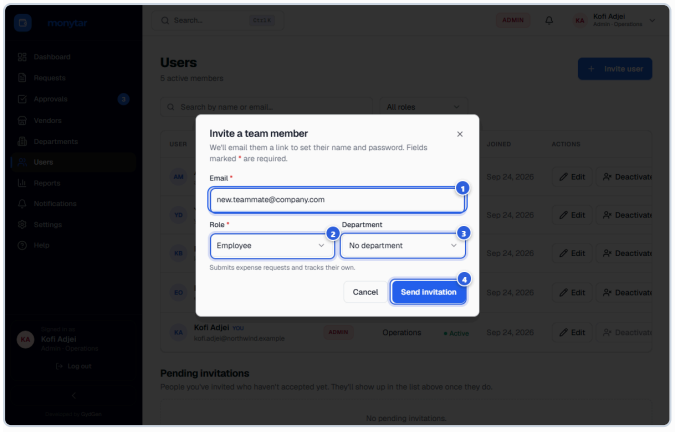

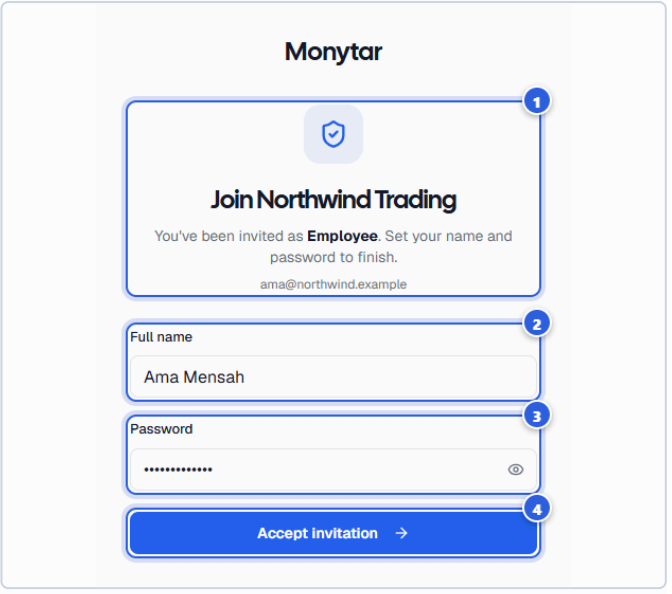

1. **Your details.** Enter your name, work email and a password of at least 8 characters.
2. **Your organization.** Type your company's name. Team size is optional.
3. **Pick a plan.** Free is enough to start and covers up to 3 people. Paid plans add more people and continue to a payment step.
4. **Confirm your email.** We send you a confirmation link. Click it, then sign in.
5. **Invite your team.** Open Users, click Invite, then enter each person's work email, role and department.

FOR EVERYONE JOINING A COMPANY

I was invited

Two minutes, from the email to your dashboard.

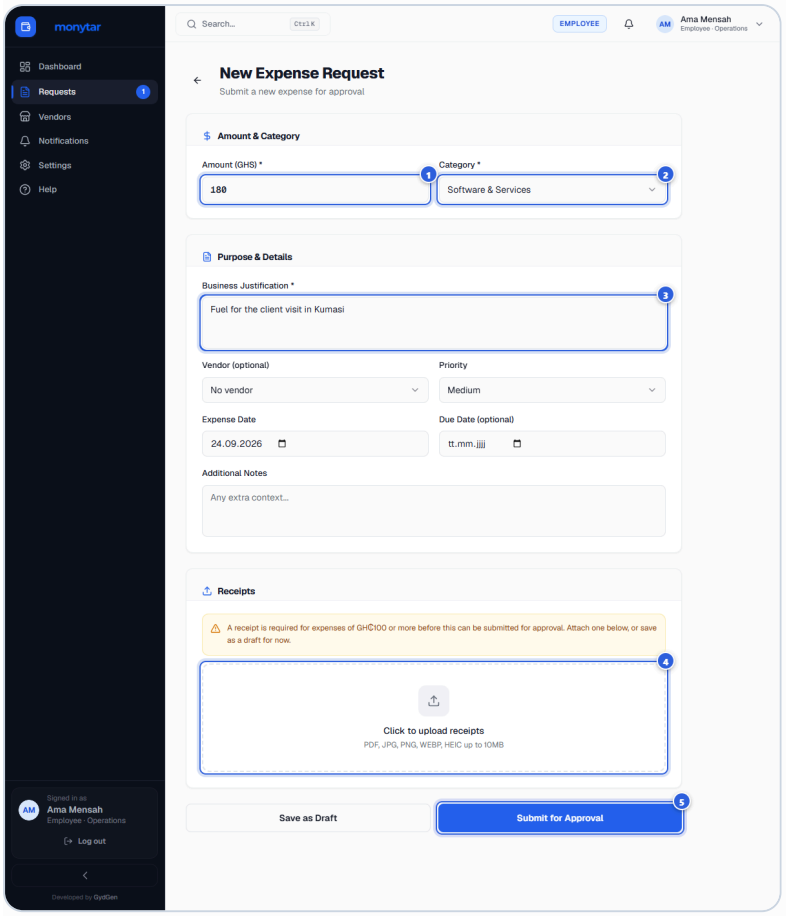

1. **Your admin invites you.** They enter your work email and choose your role, then send the invitation. You get an email with a link.
2. **Open the link.** You'll see the company's name and the role you've been given.
3. **Add your name.** Type your full name.
4. **Choose a password.** Use at least 8 characters. You'll use it every time you sign in.
5. **Accept the invitation.** Click Accept invitation. If you're asked to confirm your email first, click the link we send, then sign in.

Step-by-step guides

FOR EVERYONE

Add an expense

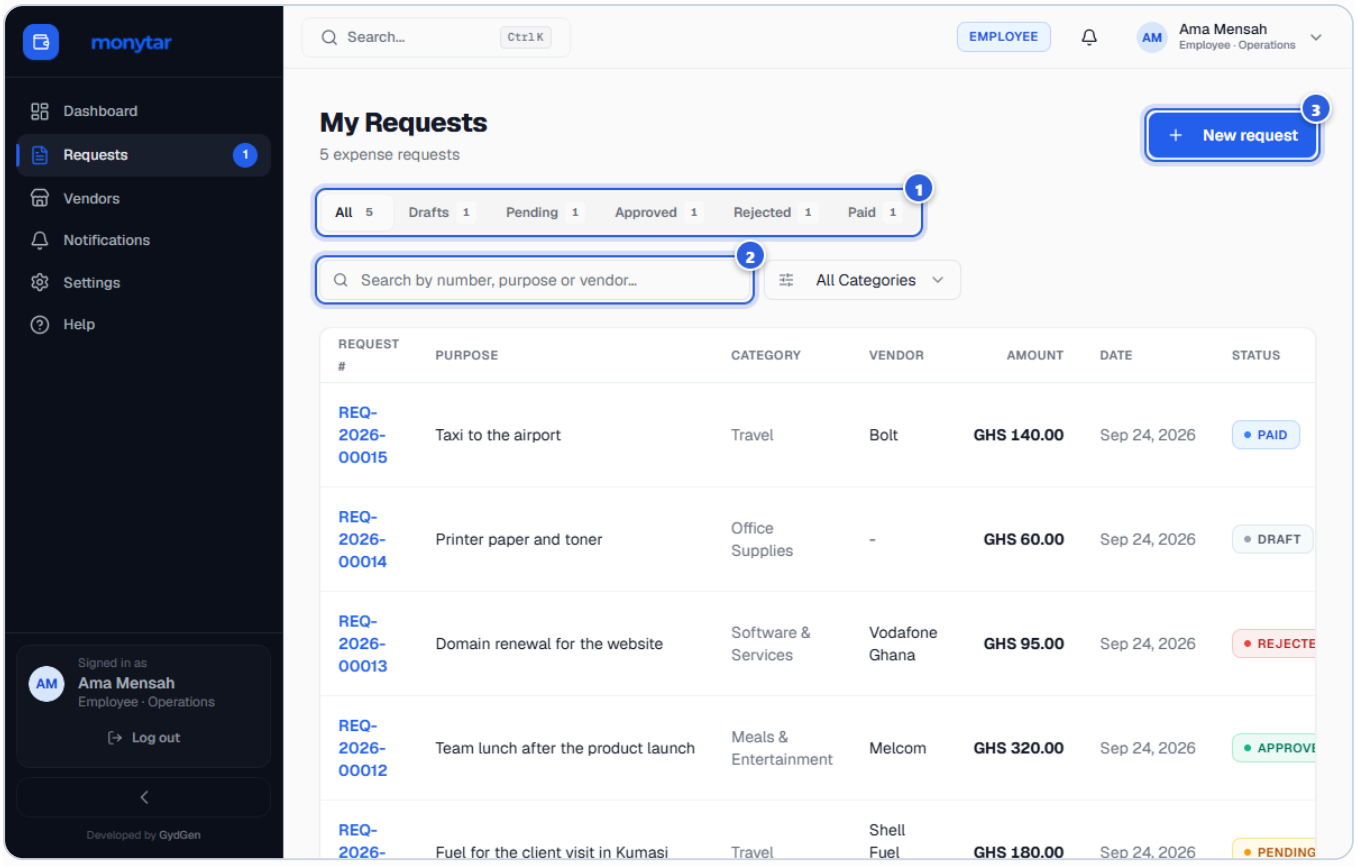

1. Type the amount you paid.
2. Pick the category that fits best.
3. Say what it was for and why.
4. Attach a photo or PDF of the receipt.
5. Click Submit for Approval — or Save as Draft to finish later.

Tip: Not ready? Save as Draft. Nobody sees it until you submit.

FOR EVERYONE

Track my expenses

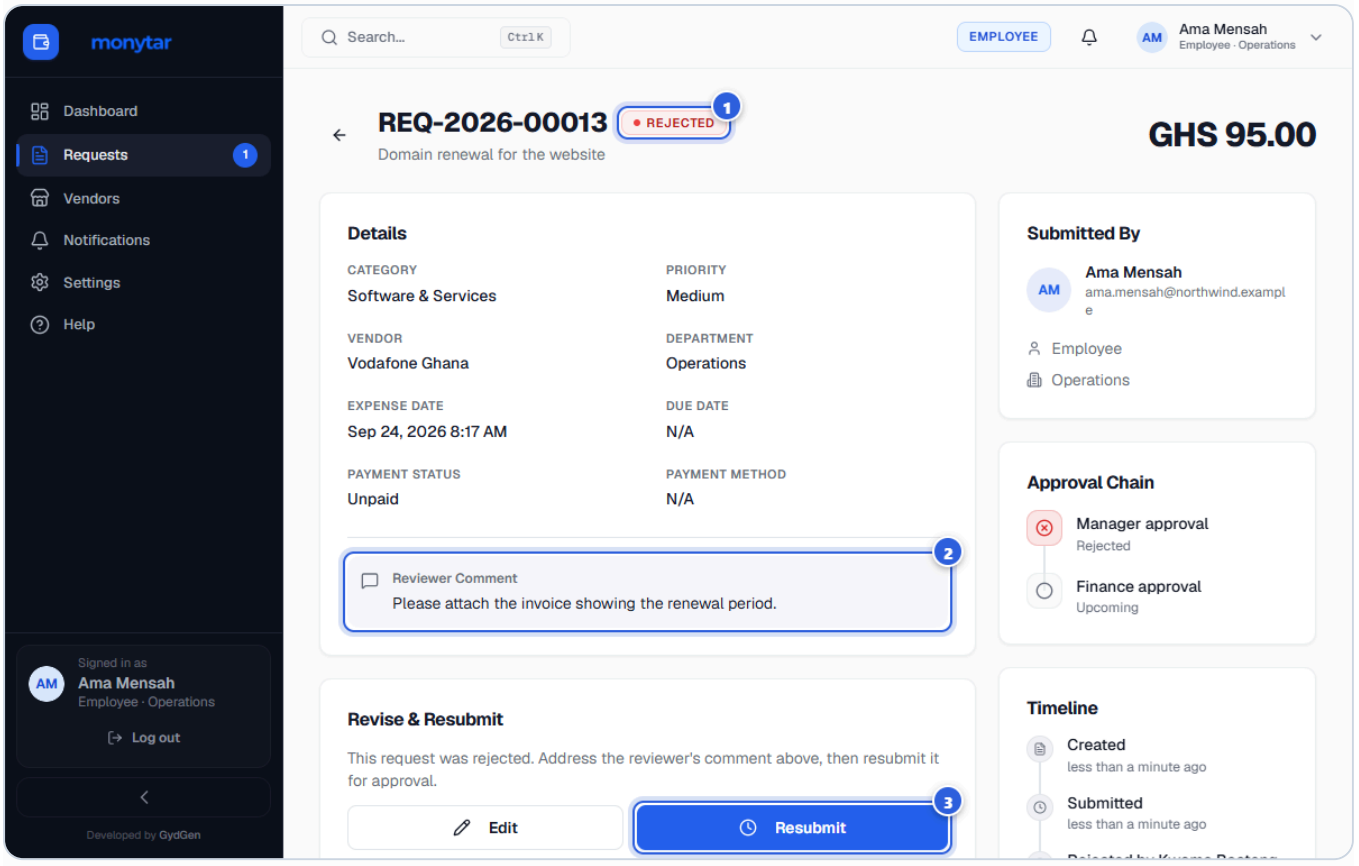

1. Use the tabs to filter by status.
2. Search by number, purpose or vendor.
3. Need another one? Click New request.

Tip: Click any row to see its full history.

FOR EVERYONE

Fix a rejected expense

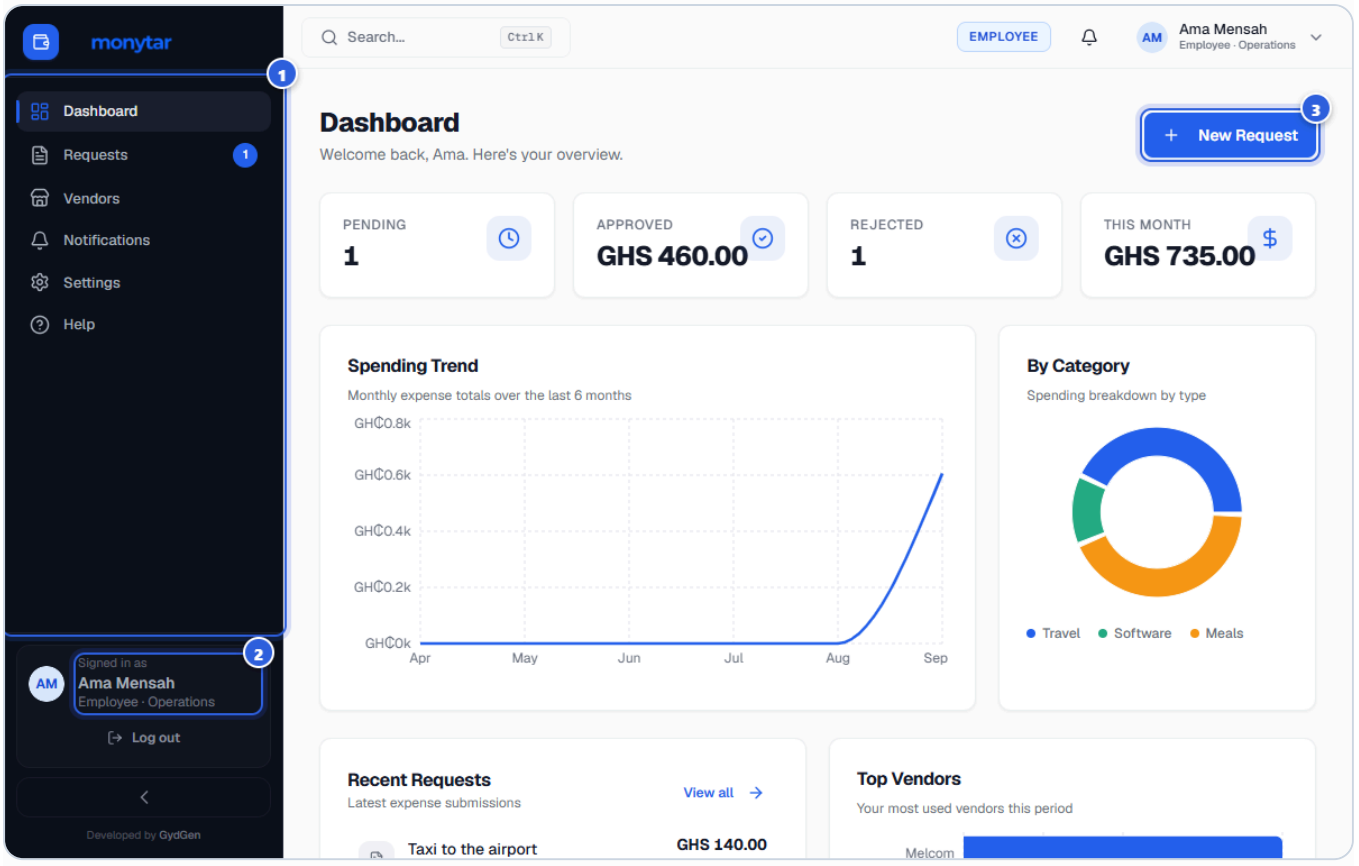

1. Rejected means the reviewer needs a change.
2. Read the reviewer's comment to see what.
3. Click Edit, fix it, then click Resubmit.

Tip: Resubmitting sends it back through approval from the start.

FOR EVERYONE

Find my way around

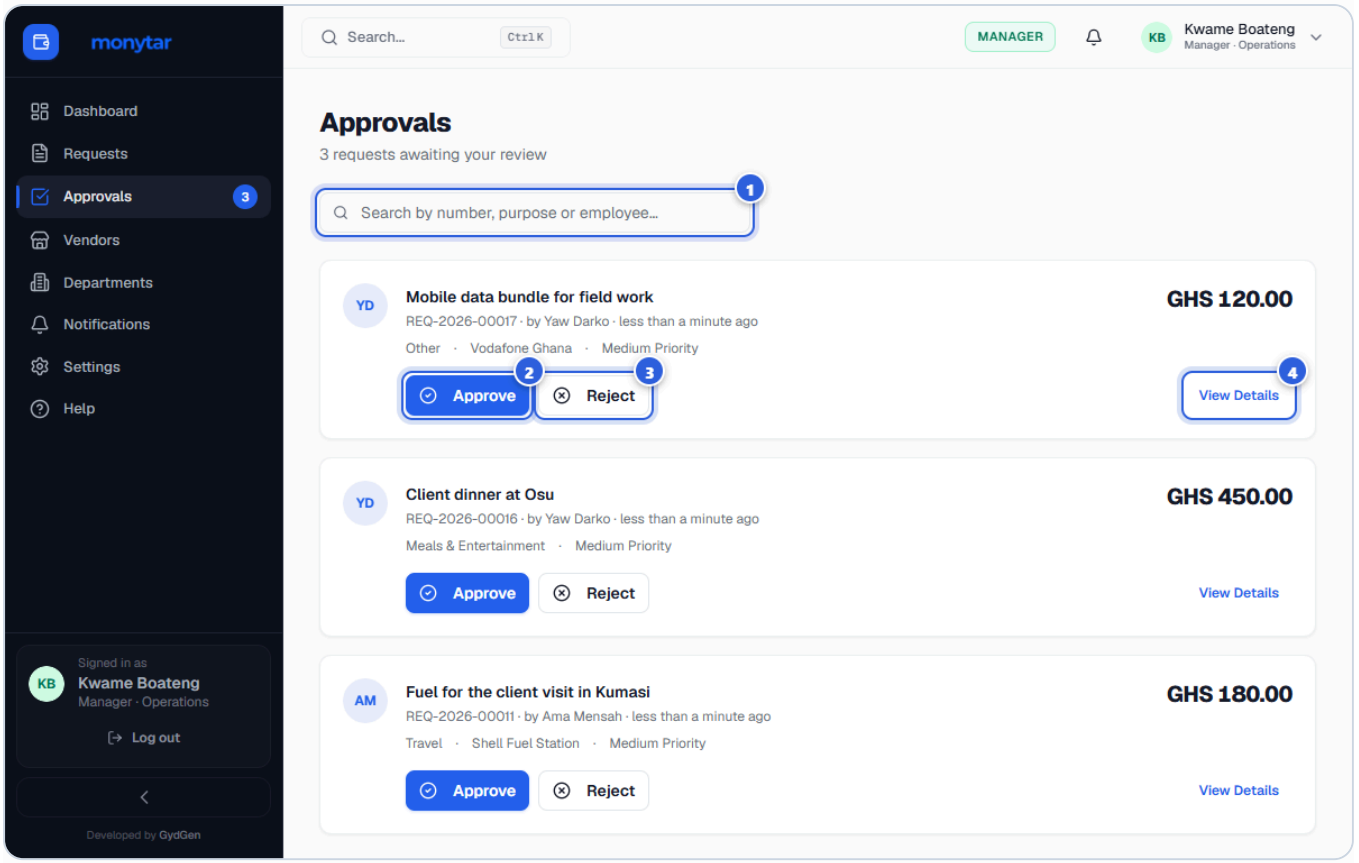

1. The menu lists every page your role can use.
2. Check your name, role and department here.
3. Add an expense from anywhere with this button.

Tip: Press Ctrl+K (⌘K on Mac) to search everything.

FOR MANAGER · FINANCE · ADMIN

Approve or reject

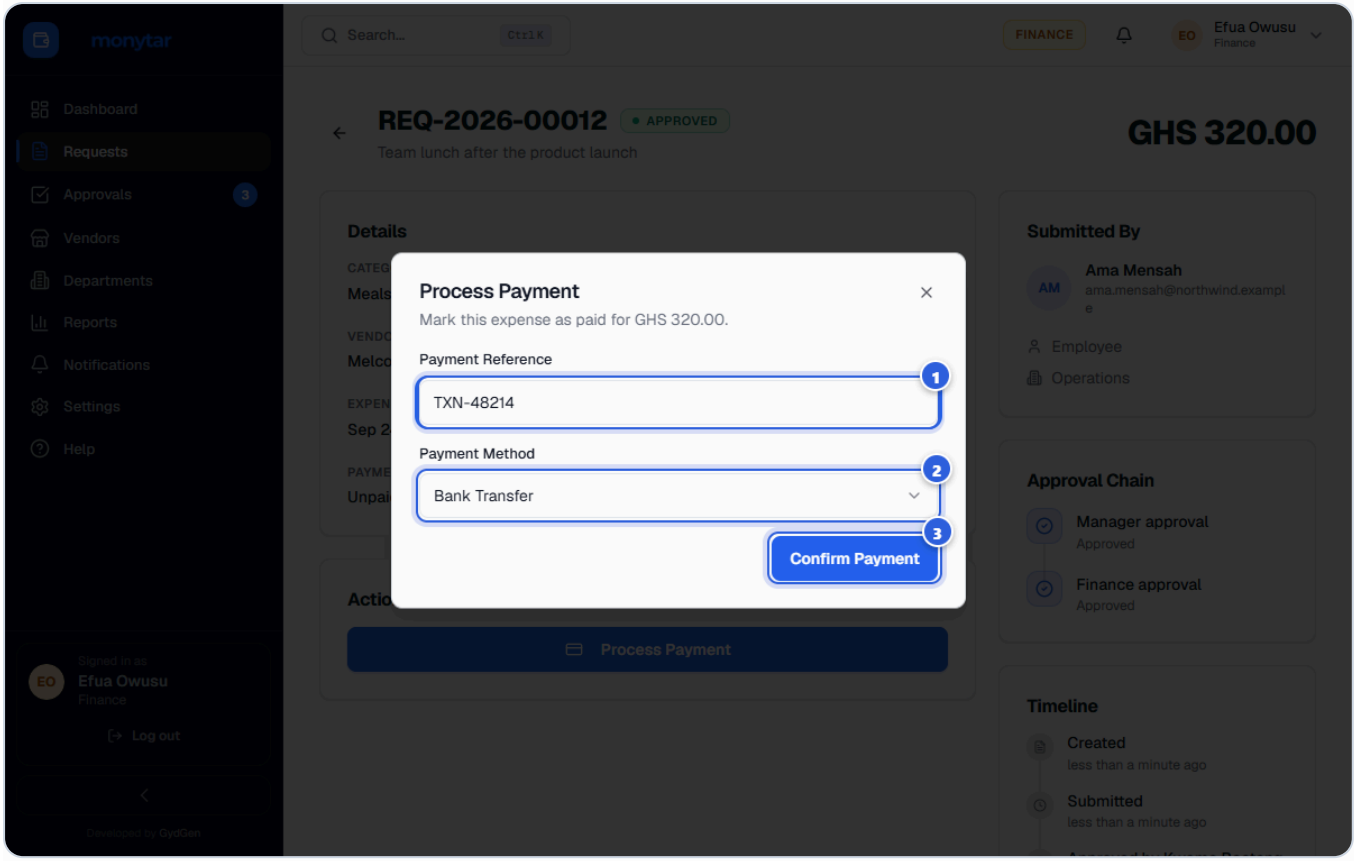

1. Search the requests waiting for you.
2. Click Approve if it looks right.
3. Click Reject — you must give a reason.
4. View Details to check receipts first.

Tip: Managers see their own department. Finance and Admin see everyone's.

FOR FINANCE · ADMIN

Pay an approved expense

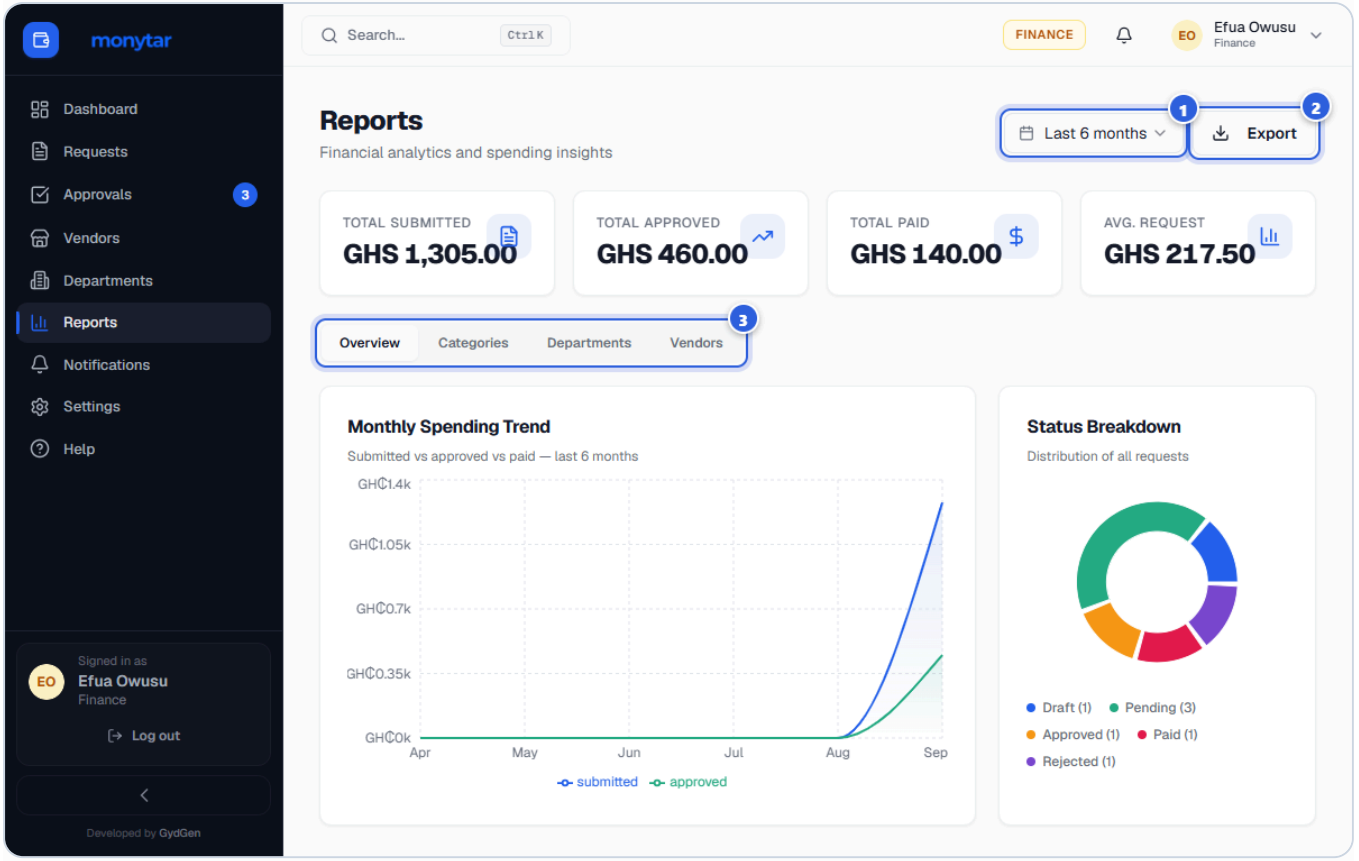

1. Enter the payment reference, like a transfer ID.
2. Choose how it was paid.
3. Click Confirm Payment. The request becomes Paid.

Tip: This records a payment you've already made. Monytar doesn't move money.

FOR FINANCE · ADMIN

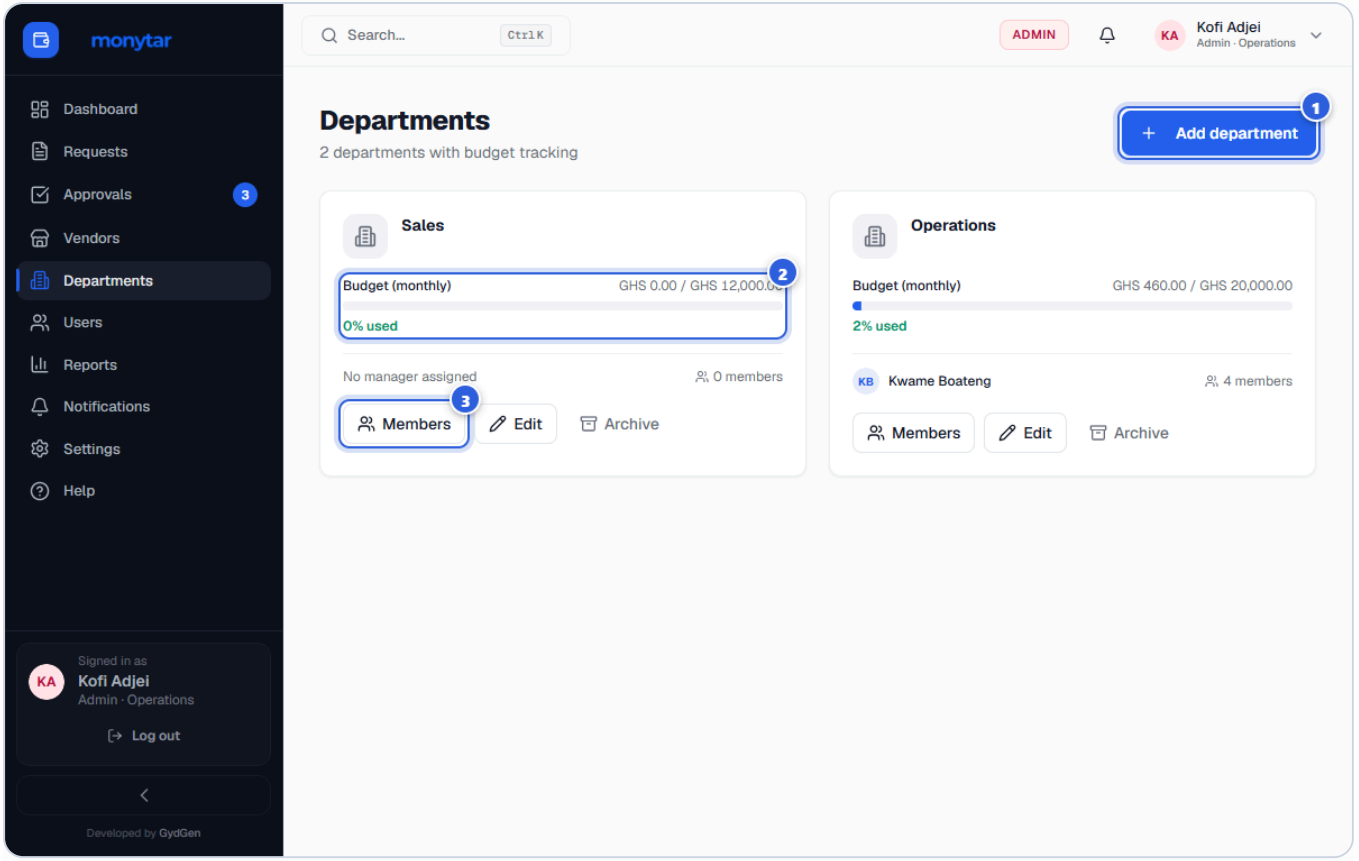

See reports

1. Pick a period, or choose your own dates.
2. Export as CSV or print to PDF.
3. Switch tabs for categories, departments and vendors.

FOR MANAGER · FINANCE · ADMIN

Check department budgets

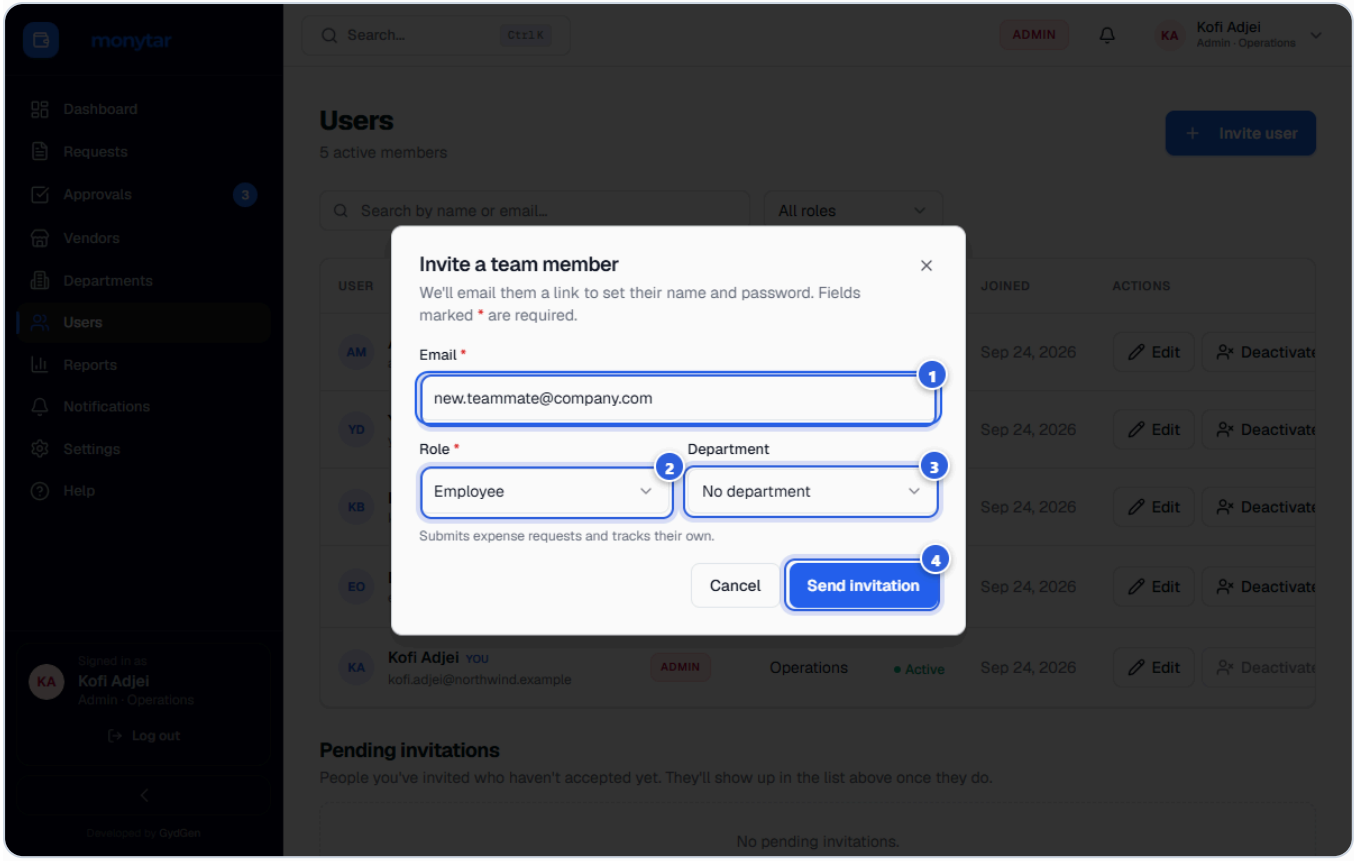

1. Add a department, with a budget (Admin or Finance).
2. The bar shows spend against budget: green, amber, then red.
3. Members shows who's in the team.

Tip: Going over budget is flagged, never blocked.

FOR ADMIN

Invite a teammate

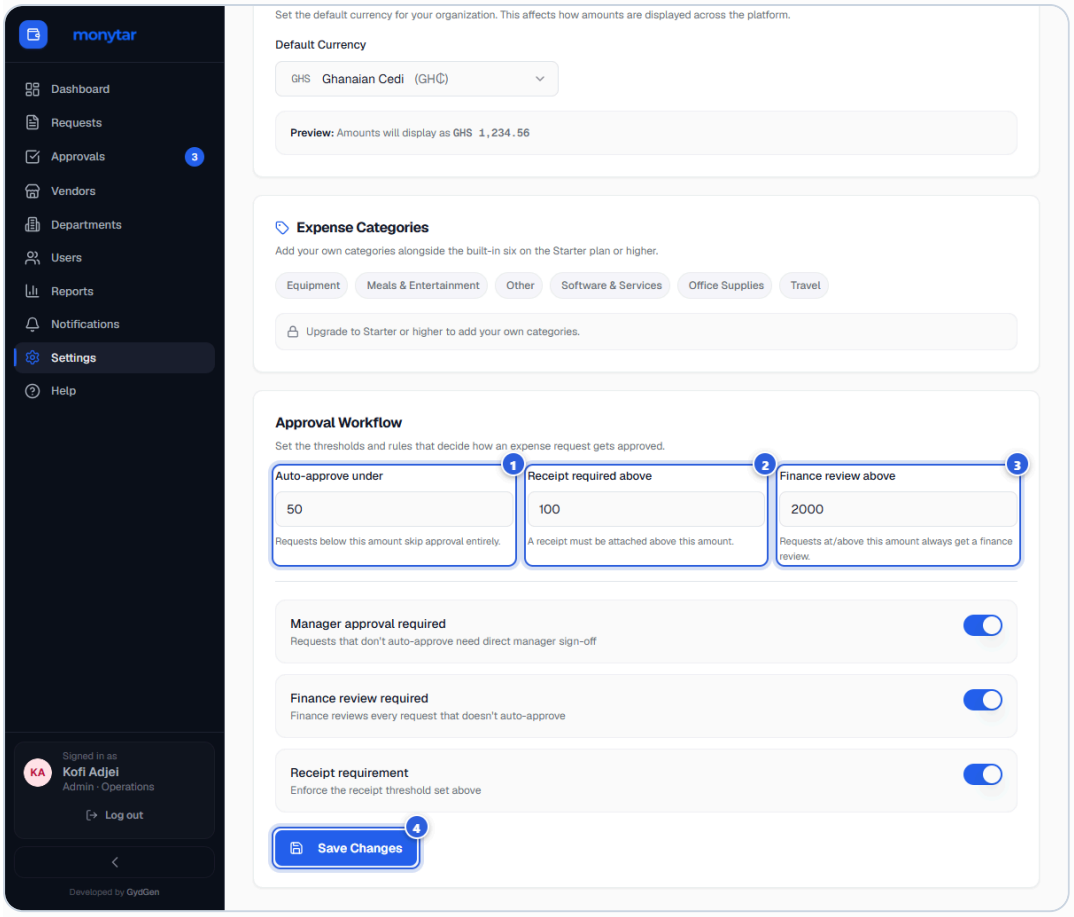

1. Enter their work email.
2. Choose their role.
3. Pick their department. Managers need one to approve.
4. Click Send invitation. They set their own password.

Tip: Email didn't arrive? Copy the invite link from Pending invitations.

FOR FINANCE · ADMIN

Set approval rules

1. Amounts under this skip approval entirely.
2. Above this, a receipt is required.
3. At or above this, Finance always reviews.
4. Click Save Changes.

Five habits that make approval fast

1. **Snap the receipt now.** Photograph it while you're still holding it. It's the one thing people lose.
2. **Say why, not just what.** “Fuel for the Kumasi client visit” gets approved faster than “Fuel”.
3. **Pick the closest category.** Good categories make reports useful later.
4. **Submit soon after spending.** Fresh expenses get approved quickly. Old ones raise questions.
5. **Check the status, don't chase.** Open Requests to see exactly where an expense is.

Quick answers

How do I create a Monytar account?
Choose Sign up, enter your name, work email and a password, name your organization, pick a plan and confirm your email. You become the Admin and can invite your team.

I was invited. How do I join?
Open the link in your invitation email, type your name, choose a password and click Accept invitation. You'll land on your dashboard.

My confirmation or invitation link doesn't work.
Links expire and work once. If your email is already confirmed, just sign in. If an invitation has expired, ask your admin to send a new one.

Can I see a specific period, like last year?
Yes. On Reports and the Dashboard, click the date range button. Pick a ready-made period or choose your own dates. There is no limit on how far back you can go.

I paid for something myself
Add an expense and attach the receipt. Once approved, Finance records your payment.

My expense was rejected
Open it, read the comment, click Edit, then Resubmit.

I forgot my receipt
If it's still a Draft or Rejected, click Edit and add it. Once Pending, ask your reviewer.

I can't submit
Amount and reason are required. Over the receipt limit? Attach one, or Save as Draft.

Where is Approvals (or Reports, Users)?
Some pages depend on your role. Check your role at the bottom of the menu.

I can't approve a request
Managers only approve their own department's requests, and never their own.

How do I find an old expense?
Search on the Requests page, or press Ctrl+K anywhere.

Amounts show the wrong currency

Admin or Finance can change it in Settings → Organization → Currency.

I forgot my password

On the sign-in page, click Forgot? and we'll email you a reset link.

Is a department over budget a problem?

No. It's flagged in red, but nothing is blocked.

Words you'll see

Request

One expense you've recorded, from start to payment.

Draft

Saved but not sent. Only you can see it.

Auto-approve

Small amounts your company lets through with no review.

Department

A team with its own spending budget.

Reimbursement

Getting back money you spent for work.

Approval chain

Who must say yes: manager, then finance, or both.

Vendor

A company or person your business pays.

Payment reference

The ID of the payment, like a transfer number.

Ready to try it?

Your administrator adds you to Monytar. Once you're in, sign in and add your first expense — it takes a minute.
